## **LOCAL SURGEON ATTENDS AMERICAN ACADEMY OF ORTHOPAEDIC SURGERY ANNUAL MEETING IN ORLANDO**

**DAPHNE, Ala. (April 4, 2016)** --Dr. John Todd, local orthopedic surgeon in Baldwin County, recently attended The American Academy of Orthopaedic Surgeons (AAOS) Annual Meeting in Orlando, FL. Todd is a board certified orthopedic surgeon who is fellowship trained in shoulder reconstruction and sports medicine.

Dr. John Todd is the medical director of The Shoulder Center, which is the latest specialty care program to be offered at Baldwin Bone and Joint. He attends this professional conference in Orlando regularly.

"I attend the annual meeting so that I can be among my peers and can hear from some of the most experienced physicians in the orthopedic surgery profession," Todd said.

"The Annual Meeting promises great education with many choices of delivery. This comprehensive program has something for all," said James R. Ficke, MD, chair of the Central Program Committee, in an AAOS article about the event online.

The event gives physicians a chance to participate with other colleagues and seasoned faculty and absorb knowledge and skills from other experienced surgeons.

**About Dr. John L. Todd**

Dr. John Todd, Medical Director of The Shoulder Center at Baldwin Bone & Joint, P.C., is a board-certified orthopedic surgeon who is fellowship trained in both shoulder reconstruction and sports medicine. Dr. Todd has been in practice for more than 20 years, and his primary clinical focus is non-operative and operative care of the shoulder. He has dedicated his career to helping patients with both chronic degenerative problems and injuries of the shoulder as part of Baldwin Bone & Joint – a group of fellowship-trained orthopedic specialists. The Shoulder Center has office locations in Daphne and Orange Beach, AL. For more information, call 251.625.2663 or visit [theshouldercenter.net](http://theshouldercenter.net).

**About the American Academy of Orthopaedic Surgeons (AAOS) Annual Meeting**

The annual meeting brings together orthopedic leaders with extensive experience and knowledge and provides an array of educational offerings focused on the needs of today's orthopedic surgeons. This year's event will include 32 symposia, 923 paper presentations, 576 posters, 88 scientific exhibits, the Orthopaedic Video Theater with more than 80 videos, Electronic Skills Presentations in the redesigned Technology Theater, new learning formats, and Specialty Day featuring full programs by orthopedic specialty societies.
